

ABUNDANCE OF OPTIONS To HELP with OUTSIDE HEAT

"Simple by Design is the way it should be...Decide, Install & Benefit Immediately" – Mark Delgado

[ATTICS, NEW CONSTRUCTION, UNDER SHINGLES, A/C DUCTS, GARAGE DOORS, WATER HEATERS, REFRIGERATORS/ FREEZERS]

All Pictures are owned by Advanced Technology. Above pictures show true & accurate temperatures of an outside roof top to the inside wall temperature of the same home, day, and time.

SIMPLE

Simple By Design, 3 simple words to describe our mantra for Energy "Q"™ Radiant Barrier. Energy "Q"™ Radiant Barrier is a technology helping make homes more energy efficient and lives less complicated.

Integrity is a top priority both personally and professionally, therefore when the quest to find a product that SOLVES a NEED without compromise, that's easily understood, and provides immediate benefits **without**, breaking the bank wasn't easy. Proudly without concession and 20 yrs (PLUS) of being in business, Advanced Technology, Inc., Parent Company to Energy "Q"™ brings a product that meets all criteria to the public. – *"I know, Unusual."*

Energy "Q"™ Radiant Barrier is a first rate product, that results in stopping and or blocking up to 95% heat transfer to homeowners. It delivers true results with no gimmicks, tricks, or add-on's necessary for a customer to do in order to "hopefully" get the device to work. Installation is the ONLY requirement needed; no extra insulation or additional ventilation needed.
